# ABOUT THE EE & MM - 2024

## ABOUT THE PROGRAMME

Energy is the Elixir of the Modern Society and basis for the advancement of technology and civilization. Ever increasing demand for energy calls for search for new energy sources and creation of robust storage appliances. It's the Earth materials which are either the sources of energy (Fossil and Nuclear fuels, Geothermal and White Hydrogen) or ingredients for energy storage devices (REE, Li, Ni, PGE among others). With its imposing industrial growth rate, India is at a very crucial stage and stands at the Energy crossroads, where every step in the right direction paves way for future energy independence and sustainability. Energy security and the adoption to climate change are central to the "Sustainable Development Goals" of the United Nations and the Atmanirbhar Bharat which need gigantic amounts of raw materials. In this phase of energy mix the role and responsibility of Earth Scientists is enormous. The present conference on "Earth's Materials for Energy: Mantle to Market" is an attempt to bring the experts and young scientists under one umbrella to deliberate on evolution, exploration, extraction and economics of critical minerals needed for the Energy Sector.

## TARGET AUDIENCE

- Scientists, Faculties, researchers from reputed Institutes.
- Renowned faculties from leading Institutes.
- Industry people interested in exploration, mining and energy sector.

# SPONSORSHIP MODELS

- 20 minutes product demonstration during the Sessions.
- Two complimentary conference participation.
- The logo will be prominently placed on the conference website with a link, at the Conference Venue, and on other promotional materials.
- Products and services brochures in the Conference Kit.
- TWO Trade Exhibition Stalls.
- Early confirmation will provide an opportunity to put the logo on the conference Brochure/ Invitations.

**PLATINUM**

**₹10,00,000/-**

**GOLD**

**₹5,00,000/-**

- 15 minutes product demonstration during the Sessions.
- One complimentary conference participation.
- The logo will be prominently placed on the conference website with a link and at the Conference Venue.
- Products services brochures in the Conference Kit.
- ONE Trade Exhibition Stall.

- 10 minutes Product Demonstration during the Session.
- One complimentary conference participation.
- Logo on the conference website and at the Conference Venue.
- Marketing materials in the Conference Kit.

**SILVER**

**₹2,00,000/-**

**BRONZE**

**₹1,00,000/-**

- 10 minutes product demonstration during the Session.
- One complimentary conference participation.
- Logo on the conference website and at the Conference Venue.
